

Chamber Six — Ray 6 — The Refinement of Devotion

Essence: Devotion refined into Clear Purpose: the Solar Fire of Dedication.

Qualities & Virtues: Aspiration, Purity, Whole-heartedness, Devotional Power, One-Pointed Focus.

Attainments Shown in the Visual: A vast ochre-gold cavern with a deep shaft of descending solar fire.

- o Crystals subdued, allowing the central Fire-Line to dominate.
- o The Chamber shows the purifying heat of aspiration, burning all lesser motives.
- o The Initiatory Fire becomes vertical dedication.

Inner Function: This Chamber burns away duality by holding a perfect single-line focus on the Divine Source.

Synthesis: Here the Temple becomes a Monadic response — devotion no longer emotional but solar and impersonal.
